Okay, will do. Meeting topic is "Discussion of CA UIC Plan and Next Steps."

Thanks!

David

9:30 or 10:00 in SF on the 20th appears to work for all DOC/DOGGR attendees, so you can go ahead and send the meeting invite to:

mark.nechodom@conservation.ca.gov

steven.bohlen@conservation.ca.gov

bruce.reeves@conservation.ca.gov

Also, reading through this e-mail thread, I didn't see any mention of what the subject or purpose of this meeting will be, and I'm wondering if it would be possible for you to include that in the meeting invite.

Thanks so much.

Hi Sadie and Loraine, thanks for your efforts to get this set up. It looks like Feb 20th will work for EPA, if we can meet here in SF. Feb 27th will not work. We would like to start at 9:30 or 10am on the 20th. Please confirm that this will work for DOC/DOGGR and the State Bd. Give me a call if needed. Thanks, David

Subject: RE: EPA meeting reschedule

Hi Michael,

I spoke with Loraine today from DOGGR and we could only find two dates that work out for all before the end of Feb., which are **Feb. 20 and Feb. 27**. For Feb. 20 it would need to be a mid-morning meeting time around 10-1030am, and for Feb. 27 it would need to be afternoon around 2pm. I hope that one of these dates will work.

For the monthly recurring meetings, Loraine and I are still coordinating this since we have to take into consideration the different locations that the meetings will take place and the travel times. I personally think for this type of meeting, based on the locations alternating, we should schedule each meeting manually as opposed to a recurring time on a set day of the week. The reason is that, for example, the first Friday of every month may work out well for Jonathan for the next three months in a row but come the fourth month he might have a speaking engagement that he committed to last year --- (and that is just one example), and I am sure this will hold true for other participants. Therefore, to set a standing time and day of the week is not very plausible for this particular meeting, at least not in Jonathan's case--his schedule is demanding, ever changing, and many events are already booked that he committed to that take place all throughout 2015. However, if there is some leeway here, such as it being ok if a participant needs to call-in every now and again, or allowing participants to send delegates in their place, then the set recurring time/day of the week could possibly work, so any additional information you might be able to offer surrounding this would be most helpful.

David and/or Loraine,

Your thoughts on the best way to schedule the monthly recurring meetings are welcome as well ☺

Thanks!

Thanks—I was not able to connect with Loraine from DOGGR today but she is supposed to call me about this on Monday—so I will send both you and David some dates once I am able to connect with Loraine. Have a great weekend.

Thanks Sadie,

Please coordinate the State and I will work the EPA side. Please copy David with what you send me. Thanks and have a nice weekend.

Mike

Hi Michael,

I just want to let you know that I have not forgotten about this, and plan to coordinate some dates with DOGGR for the meeting that needs to be rescheduled (and occur before the end of Feb.) by COB tomorrow. I am a little unclear if you are asking me to setup these meetings myself or if you are just asking me to coordinate dates that work for both us and DOGGR and then provide you with those dates for both the meeting reschedule and the recurring monthly meetings you would like to occur throughout the year. Please clarify so I can tackle this accordingly.

Thanks!

Best,

Sadie

Thanks Scott –

Sounds good. Please have the folks at WB and DOGGR coordinate and give us some dates to work with, most preferably before the end of February. If they could further recommend a date for a regularly scheduled recurring monthly meeting through the calendar year. Have them work with me once they have some dates.

Thanks,

Mike

Hi Michael,

I understand per our discussion that the meeting on February 6th is cancelled and needs to be rescheduled. Sadie Macali can assist with Jonathan's schedule and coordinate with DOGGR. It is important that Jonathan and Phil Wyels attend on our end. Thanks for the return call. Hope to see you soon.

Thx,

-sbc

My apologies for the delay in getting back to you all re the reschedule of the meeting we had planned for this week. We are still assuming this meeting would be in SF. We have the following dates available; Feb 3rd (pm), 6th (pm), 10th and 17th. We can work on an agenda once we have a date established. Thanks.
